Adolf Hitler's Picture Book 2,000 Photos Gallery: The Rise & Fall of Adolf Hitler. Part 1 (of 3)

This picture book is divided into 3 books (because of the size), and includes 2000 photos of Hitler and his Nazis. About 90% of the photos feature Hitler and include over a thousand very rare pictures. The pictures are sorted into various categories, such as Hitler with women, Hitler with children, Hitler with his Brownshirts, Hitler with his SS, Hitler with his dogs, etc., and each category includes from 6 to 20 pictures. The book is also organized in a sequence which, through historical photos, basically tells the story of the rise and fall of Adolf Hitler, from his childhood, to soldier, to NAZI organizer, to politician, then chancellor, Fuehrer, warlord, and the final bitter end with pictures of his bunker and the couch where he shot himself in the head, and the remnants of his skull. One of the last pictures is of Hitler's dog "Blondie"--she's dead. Hitler poisoned her before he killed himself. It is said that a "picture says a thousand words", and this picture book, which contains probably less than a dozen sentences, presents Hitler as you may have never seen him before; a man who loves children and animals and nature and women but who can order the murder of his best friend and supporters and the mass murder of millions; a man who dreams of a modern world and creates art and plans for magnificent buildings and who then sets the world in flames. This picture book provides the viewer with a unique multi-perspective into the private and public world of one of the most hated and feared men of all time, and in so doing, captures the essence of Hitler which words alone can't convey.
