The Final Straw With Cheating Men ... Schwarzenegger's Total Recall Sheryl Mann

That was it! Arnold was my final straw with cheating men. It was the Ultimate betrayal! Living with his wife, children, love child and mistress under one roof while serving as the peoples Governor.

From the beginning of the year television has repeatedly broke new stories about men in the public eye having affairs. I just got over the disgraced John Edwards and what he did to a wife dying of cancer.

How many women are fed up living in fear her man will stray?

I have watched from the sidelines for over thirty five years now. I see perfect marriages on the surface and an unhappy woman on the inside. The reason most of the marriages seem to be going along smooth is the woman is the one keeping the low low on not disturbing the marriage by allowing the man to do what he wants to make him happy while the wife sits on the sideline shaking her head in agreement with her glanderous man.

The Author:

~SHERYL MANN~

Has a degree in Medical Nursing and Creative Writing.

She has surveyed several groups of people to find out how and why the human race think and act the way they do.

It is with her reader in mind that we invite you, the hungry reader, to get comfortable, prepare yourself for a feast for the mind and learn more about all of the new age woman's self-help on how to cope with the problems of today's male society and to learn how to cope and build self-esteem, to have a happier life as a strong woman in a man's world.
