Making Process Improvement Work: A Concise Action Guide for Software Managers and Practitioners Neil Potter, Mary Sakry

Every development organization can benefit by paying attention to process improvement, yet all too many "process improvement initiatives" fail to deliver on their promises. In this concise book, two of the field's leading consultants present easy-to-apply techniques for achieving rapid and quantifiable benefits -- and then maintaining your momentum to deliver even greater value over time. Drawing on their experience with more than 3,000 developers and 100 organizations, Neil S. Potter and Mary E. Sakry show you exactly what works -- and what doesn't work. Next, they present a step-by-step guide to identifying your best opportunities for process improvement, deploying changes effectively, and tracking your progress. The book also includes a detailed example plan document designed to help you jumpstart your process improvement initiative.

Making Process Improvement Work includes a foreword by noted software process expert Karl Wieggers. For all developers, project and IT managers, and clients seeking to maximize the effectiveness of the software development process and the value of the software it delivers.

From reader reviews:

Barbara Taylor:

What do you consider book? It is just for students as they are still students or that for all people in the world, exactly what the best subject for that? Simply you can be answered for that issue above. Every person has diverse personality and hobby for every single other. Don't to be forced someone or something that they don't would like do that. You must know how great in addition to important the book Making Process Improvement Work: A Concise Action Guide for Software Managers and Practitioners. All type of book are you able to see on many sources. You can look for the internet resources or other social media.

Mark McKinney:

Information is provisions for those to get better life, information today can get by anyone on everywhere. The information can be a expertise or any news even a huge concern. What people must be consider any time those information which is in the former life are challenging be find than now is taking seriously which one is suitable to believe or which one the actual resource are convinced. If you receive the unstable resource then you buy it as your main information you will have huge disadvantage for you. All of those possibilities will not happen in you if you take Making Process Improvement Work: A Concise Action Guide for Software Managers and Practitioners as the daily resource information.

William McNeill:

In this age globalization it is important to someone to find information. The information will make someone to understand the condition of the world. The fitness of the world makes the information better to share. You can find a lot of sources to get information example: internet, newspapers, book, and soon. You can see that now, a lot of publisher that print many kinds of book. The book that recommended to you personally is Making Process Improvement Work: A Concise Action Guide for Software Managers and Practitioners this e-book consist a lot of the information of the condition of this world now. This kind of book was represented just how can the world has grown up. The vocabulary styles that writer use for explain it is easy to understand. Often the writer made some investigation when he makes this book. Honestly, that is why this book ideal all of you.

Larry Luis:

As a university student exactly feel bored for you to reading. If their teacher requested them to go to the library in order to make summary for some book, they are complained. Just little students that has reading's spirit or real their interest. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that studying is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Making Process Improvement Work: A Concise Action

Guide for Software Managers and Practitioners can make you experience more interested to read.
