Called by readers "blazingly funny," "utterly original," "erudite," "sophisticated," "deranged," "a comedic genius," and "a brilliant intellect wasted," if one could stew Dave Barry, Hunter Thompson, Al Franken and David Sedaris down into a thick, tasty ragout which might then be served over noodles with an appropriate side vegetable, that might begin to approximate the unexpected experience of spelunking into the unusual mind of Henry E. Panky.

Pessimistic but full of longing, immersed in popular culture but oddly erudite, profoundly deluded and yet uncomfortably honest, join Henry as he examines, in a thoroughly questionable and highly refutable manner, and with wildly fluctuating amounts of insight and sensitivity, those baffling and incongruous issues of modern life no one else will touch with a boathook.
