## **Ninth Orb, The** Kaitlyn O'Connor

Scientifically speaking, it made sense to send two hundred women and 'frozen pops' to establish the colony on New Georgia and insure a good gene pool. But when the colonists arrive after fifteen years of space travel, and discover that the alien compound directly across from their new city is filled with young, virile Xtanian men eager for 'queens' Eden Chisholm has her hands full trying to keep the peace. The Xtanian's themselves are stunningly human-like, but their customs are completely alien to Eden.

Author Kaitlyn O'Connor was first published by Harlequin Enterprises in 1994 under the pen name of Madris Dupree after nearly a decade of 'apprenticeship' --struggling to learn the business, the marketing, and the writing skills necessary for a career in commercial fiction. That 'first' published book, a historical, (which was actually her fourth attempt at a marketable piece of fiction) was successful, however, selling nearly 80,000 copies in the U.S., Switzerland, France, and the U.K. She writes various genres (or sub-genres since she always writes romance!) under different pen names. She has written science fiction/futuristic/fantasy under several—Kaitlyn O'Connor, in honor of her Scottish grandmother, Lyssa Hart, and Angelique Anjou (for the French ancestry), all combined here now under the single pen name Kaitlyn O'Connor.
