Whether you're a competitive powerlifter, coach, or athlete looking for increases in strength and explosive power, look no further than *Powerlifting*.

Powerlifting describes the three powerlifts—squat, bench press, and deadlift and explains how to combine them into a powerlifting program or build them into a sports training program. You'll learn how to perform each lift, including correct hand and foot placement, body positioning, and breathing. Thirty-five photos showing the phases of each lift accompany the text and clearly illustrate proper technique, which is the key to avoiding injury. Athletes who have avoided powerlifting for fear of injury can use the book's detailed descriptions and numerous photos to lift with confidence and enhance their training regimen.

Once you've mastered the lifts, you can create a customized powerlifting program for either competition or sports such as football, wrestling, and track and field. You will find programs for the squat, bench press, and deadlift which are customized for both men and women according to weight. Author Barney Groves includes profiles of expert powerlifters as well as advice on what to eat for building strength and size, how to enhance your performance with approved supplements, how to get psyched up for lifting, and everything you need to know about powerlifting competitions.

This comprehensive guide will help you lift safely and effectively and incorporate valuable tips for maximizing strength and power in your training program.

From reader reviews:

Terrence Kimball:

Have you spare time for the day? What do you do when you have considerably more or little spare time? Yes, you can choose the suitable activity regarding spend your time. Any person spent all their spare time to take a move, shopping, or went to often the Mall. How about open or even read a book titled Powerlifting? Maybe it is to be best activity for you. You recognize beside you can spend your time with the favorite's book, you can more intelligent than before. Do you agree with its opinion or you have additional opinion?

Tamela Campbell:

This Powerlifting book is absolutely not ordinary book, you have after that it the world is in your hands. The benefit you receive by reading this book is information inside this e-book incredible fresh, you will get info which is getting deeper anyone read a lot of information you will get. This Powerlifting without we know teach the one who examining it become critical in contemplating and analyzing. Don't possibly be worry Powerlifting can bring if you are and not make your bag space or bookshelves' become full because you can have it inside your lovely laptop even phone. This Powerlifting having excellent arrangement in word and layout, so you will not experience uninterested in reading.

Albert Hartley:

Information is provisions for folks to get better life, information nowadays can get by anyone on everywhere. The information can be a know-how or any news even a huge concern. What people must be consider if those information which is from the former life are hard to be find than now could be taking seriously which one would work to believe or which one the particular resource are convinced. If you receive the unstable resource then you have it as your main information it will have huge disadvantage for you. All those possibilities will not happen inside you if you take Powerlifting as your daily resource information.

Carlos Thornton:

That reserve can make you to feel relax. This particular book Powerlifting was multi-colored and of course has pictures on the website. As we know that book Powerlifting has many kinds or variety. Start from kids until young adults. For example Naruto or Detective Conan you can read and think that you are the character on there. So , not at all of book usually are make you bored, any it offers you feel happy, fun and relax. Try to choose the best book for you personally and try to like reading this.
