**The Collected Writings of James Henley Thornwell, Vol. 4 (Classic Reprint)** James Henley Thornwell This volume contains all its authors writings, so far as we have been able to collect them, on the subject of the Church. It completes the number originally proposed for those of his works which are more or less strictly of a theological character. There are two things connected with the remarkable providence of Dr. Thornwell sdeath at the comparatively early age of fifty years, which, in our human dialect, we say are to be deeply regretted. The first is, that many of the priceless treasures accumulated by sanctified genius quickened into energy by extraordinary industry, which in the judgment of all who knew him he was best prepared to pour forth just when he was summoned to die, are irrecoverably lost to us. Mighty thoughts, for which he had wrestled, as in agony, in the sleepless hours of night, went unuttered with his spirit into the eternal sphere. He took more with him than he left behind, great as is the legacy which he has bequeathed the Church. The second cause of regret is, that he did not live to perfect what he had written and to reduce it to systematic form a task as easy to his logical mind as desirable to the completeness of his works, but one A which, from the nature of the case, no survivor could attempt to execute.
