Reagan's War: The Epic Story of His Forty-Year Struggle and Final Triumph Over Communism Peter Schweizer

Reagan's War is the story of Ronald Reagan's personal and political journey as an anti-communist, from his early days as an actor to his years in the White House. Challenging popular misconceptions of Reagan as an empty suit who played only a passive role in the demise of the Soviet Union, Peter Schweizer details Reagan's decades-long battle against communism.

Bringing to light previously secret information obtained from archives in the United States, Germany, Poland, Hungary, and Russia—including Reagan's KGB file—Schweizer offers a compelling case that Reagan personally mapped out and directed his war against communism, often disagreeing with experts and advisers. An essential book for understanding the Cold War, **Reagan's War** should be read by open-minded readers across the political spectrum.
