Wilfred Stein

The Rolnick Chromosomes - Part Ten: The Global Dispersion of the Rolniks of Lithuania - DNA studies that separated the two Rolnik tribes and joined together those within each tribe. Wilfred Stein “The Rolnick Chromosomes” tells of the Rolniks of Lithuania, their origins and dispersion over the five continents. Illustrated with many historical photographs and documents on their life in Lithuania and the places to where they migrated. Some stayed in Lithuania, only to suffer in the Holocaust. This volume presents an introduction to the use of DNA studies in genealogy and, in particular, to their use in sorting out the family relationships between and among the Rolnicks from Lithuania.
