Living Silence: Burma under Military Rule (Politics in Contemporary Asia) Christina Fink

Burma remains the odd man out in South East Asia. It is a military dictatorship, not part of the region's still-dynamic economy, and has a troubled relationship with the outside world, including that fact that it is the second largest supplier of heroin. This exceptionally readable account of Burma gives a graphic, often moving, and always insightful picture of what life under military rule is like for ordinary Burmese. This survey takes in a wide diversity of ordinary people and communities.
