Shrouded in secrecy and centuries ahead of its time, the insights and revelations of Kabbalah and its teachings were denied to all but a chosen few. Branded as mysticism, fanaticism, and heresy, every sort of taboo was attached to the teachings in an effort to keep them secret.

Through it all, Kabbalah was and continues to be the original technology of life – the science of the soul, the chemistry of fulfillment, the physics of spiritual transformation. Power of Kabbalah is nothing less than a user's manual for the universe we live in: a practical, powerful set of principles and instructions for getting from where you are right now to where you truly want to be – emotionally, spiritually, financially, creatively, and in all aspects of your life in the real world.

The Power of Kabbalah brings the reader this wisdom in a way no other Kabbalah book is able to. In a uniquely practical, easily accessible, and insightful manner, it reveals not only what life is about, but the actions you can take right now to create the life you want and deserve. For the first time, the secret teachings of the ancient Kabbalists are brought to bear on the real-world issues that you face every day – in your career, with friends and family, and in your innermost personal thoughts.
