## **Milestones: The Music And Times Of Miles Davis** Jack Chambers

This invaluable biography of trumpeter and jazz-bebop-fusion innovator Miles Davis (1926–1991) includes a substantial new introduction that for the first time details Davis’s turbulent last decade; the drawing and painting that became an additional creative outlet; the musical lows of his final “Freaky Deaky” years; the family warfare that has erupted over his last will and testament; and—in a long-awaited exposé—the truth behind Davis’s so-called *Autobiography*, the book that “borrowed” gigantic portions from *Milestones* and passed them off as Davis’s. Jack Chambers breaks his silence to discuss the extent of the “borrowing” and who was responsible. Here is the last word on the music and controversial life of Miles Davis.
