Oxford Handbook of Clinical Medicine for PDA (Oxford Handbooks Series) J. Murray Longmore, Ian Wilkinson

This new version of "The Oxford Handbook of Clinical Medicine for PDAs" enables enhanced, multi-layered access to the entire text, illustrations and tables. Fast access is available via the table of contents, index and full-text search, and there is a facility for bookmarking and annotating the text. It is suitable for all Palm and Pocket PC devices. "The Oxford Handbook of Clinical Medicine" covers all areas of internal medicine and provides rapid, on-the-spot access to evidence-based clinical management. Its characteristic style - combining incisive guidance with wit, a lucid style, and memorable epigrams - has been popular with generations of medical students and junior doctors the world over. There are a host of new features in this edition: new sections on common acute medical symptoms, and clinical skills; a new 'cheat sheet' on commonly used drugs; more colour plates; and more ECGs. There are numerous other updates and improvements throughout, many suggested by extensive market research. The pages have been redesigned in full colour. The system requirements are: Palm OS 3.5 or higher@7/7MB; Windows Mobile 5/Pocket PC 2002/2003/Windows Mobile 2003 - 10.1 MB; Macintosh OS 7-OS X with 18 MB of free hard disk space; and PC running Windows 95/98/NT/ME/2000/XP with 32MB of free hard disk space. To use this product you need: PC Pocket PC Phone Edition device running Microsoft Windows Mobile 2003, with 20MB free space or expansion capability; and Windows CE or Palm OS - it comes as a CD which is uploaded to a PDA via a PC. As part of the upload process, users will need to visit the website of our development partner Skyscape to access the password which will enable use of the product. Full instructions are provided.

From reader reviews:

Christopher Hunnicutt:

What do you concerning book? It is not important along with you? Or just adding material when you want something to explain what yours problem? How about your spare time? Or are you busy man? If you don't have spare time to complete others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? Every person has many questions above. They should answer that question mainly because just their can do this. It said that about book. Book is familiar in each person. Yes, it is right. Because start from on kindergarten until university need this particular Oxford Handbook of Clinical Medicine for PDA (Oxford Handbooks Series) to read.

Lori Thomas:

Reading a book tends to be new life style in this era globalization. With examining you can get a lot of information that could give you benefit in your life. Together with book everyone in this world may share their idea. Guides can also inspire a lot of people. A great deal of author can inspire their own reader with their story or perhaps their experience. Not only the story that share in the publications. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors these days always try to improve their talent in writing, they also doing some study before they write to their book. One of them is this Oxford Handbook of Clinical Medicine for PDA (Oxford Handbooks Series).

Aaron Thomsen:

A lot of people always spent their particular free time to vacation or go to the outside with them loved ones or their friend. Do you realize? Many a lot of people spent these people free time just watching TV, as well as playing video games all day long. If you wish to try to find a new activity this is look different you can read the book. It is really fun for you personally. If you enjoy the book that you read you can spent the entire day to reading a publication. The book Oxford Handbook of Clinical Medicine for PDA (Oxford Handbooks Series) it is quite good to read. There are a lot of people who recommended this book. They were enjoying reading this book. Should you did not have enough space to develop this book you can buy typically the e-book. You can m0ore simply to read this book from the smart phone. The price is not too costly but this book features high quality.

Daniel Caudle:

People live in this new day time of lifestyle always attempt to and must have the time or they will get lot of stress from both lifestyle and work. So , if we ask do people have spare time, we will say absolutely sure. People is human not really a huge robot. Then we request again, what kind of activity do you have when the spare time coming to an individual of course your answer may unlimited right. Then do you ever try this one, reading publications. It can be your alternative with spending your spare time, the book you have read will
