Her job was to make him hit on her, so the agency's photographer could get proof of his infidelity. One incriminating photograph, and then she could walk away. But walking away wasn't as easy as she'd anticipated. One night of intense passion left Maggie with a host of memories... and nine months later, a baby she needed to keep secret from the man of her dreams.

Dante thought he'd met someone special, but it turned out the sexy redhead had made a calculated play at seducing him purely because it was her job to do so. And he'd fallen for it, hook, line and sinker. When he runs into her again, two years later, sparks fly. He's angry, but he's also still passionately, obsessively in lust with her.

When he discovers the baby she's kept secret, he is furious. How can he ever forgive her for what she's robbed him of? How can he raise a child with her, knowing how deceitful she is? And how can he still want her when he hates her so much?
