2111 AD. Caste slavery is law. The Athmans have taken control of Sanatana Dharma and all religious stories and texts in the Empire including the Bible, the Torah and the Koran. By rewriting the spiritual texts they've elevated the Athman caste to the top of the pyramid. Now only the Athmans can read and interpret the sacred texts of the Empire. Caste slavery is supported and maintained by every religion in the Empire as divine truth. Every district in the Empire has its own slave market. In the newly created Aryan Empire, Brahmins--the new untouchables--are bought and sold like cattle. Jewish, Christian and Muslim minority groups are forced into concentration camps or sold to the corporate elite. The only hope for minorities and low castes is to escape to the Deadlands. Outlaws captured outside the Empire in the Deadlands are turned into slaves or used for the Kalima coliseum games which are televised throughout the Empire for the entertainment of middle and upper caste citizens. Outside the Empire Outlaws gather to protest Athman control of society through religion and media. Christians, Muslims, Jews, Dalits, and Brahmins work together to return truth to the land. This, then, is a snapshot of a fascist, Nazi-inspired Empire that holds one caste as divine, noble and superior to all others. It is a snapshot of Aryana media in 2111 AD. It includes commercials, newspaper clippings, and First Information Reports (FIRS) collected by Aryan security forces regarding the Aryan Reclamation and Aryan Revival of 2084.
