Hereditary (Beatrice Harrow Series Book 1) Jane Washington

Beatrice Harrow has the blood of a Tainted Creature running through her veins. It makes her more powerful, more beautiful and more despised than any other being in the human kingdom. So she is naturally suspicious when the ever-smiling Cale and his comparatively tacit counterpart, Prince Hazen, befriend her.

Armed with an ability that is becoming more threatening to her own health by the day and a repertoire of surprising friends that may or may not have her best interests at heart, she quickly finds herself struggling against forces much bigger than any of them. How long until her tenuous connection to each kingdom is severed, and she is forced to chose between humanity and the Tainted Creatures?
