Developing a program to train planning commissioners and zoning board members takes a lot of time and effort. This manual makes the process easier. It covers the basics of community planning, zoning, subdivision regulation, and ethics. With chapters organized in discrete modules, it's ideal for both self-study and classroom use. Narratives explain general planning principles. Exercises encourage users to think about the planning issues in their communities. And worksheets reinforce important concepts. A complementary training guide, *Training Made Easy*, is also available. *Planning Made Easy* is published as looseleaf pages in a three-ring notebook.
