The **Cleantech** conference, which runs parallel with NSTI's **Nanotech**, is designed to promote advancements in traditional technologies, emerging technologies, and clean business practices, covering important developments in renewable energy, clean technologies, business and policy, bio-energy, and novel technologies, as well as environmental and clean and green advancements. Collected into its own volume for the first time, the papers from **Cleantech 2007** cut across every scientific and engineering discipline to address those issues relevant to maintaining and improving the sustainability of our planet.
