Transportation Disaster Response Handbook Jay Levinson, Hayim Granot

Transportation Disaster Response Handbook presents information and strategies for dealing with all types of disasters and looks at the unique aspects of transportation-related incidents. It outlines how to prepare for emergencies, what to expect during a disaster, how individuals within the emergency agencies should respond, and how these agencies can quickly mobilize to minimize damage and provide assistance to victims.

This practical handbook shows you how to:

- Design a disaster preparedness plan
- Assess and clarify incidents as soon as they occur
- Anticipate and handle issues for each type of disaster
- Assist victims and provide aid to emergency personnel
- Coordinate with emergency units and aid groups
- Search for and recover physical evidence
- Deal with the media
- Plan business recovery
- And much more!

The authors use examples of real disasters to illustrate key points and show how to effectively implement strategies before, during, and after a disaster. The **Handbook** will be an essential resource for police, fire fighters, medical professionals, government and military groups, transportation officials, emergency response planners, aid groups, forensic investigators, and security and business managers.
